Frequently Asked Questions

What is the best time of year to witness the Great Migration?

The migration is a year-round event, but for the most dramatic sightings, June to October is ideal for river crossings in the North, while December to March is excellent for the calving season in the Southern Serengeti.

What kind of vehicle will we be using for the safari?

We use extended 4x4 Toyota Land Cruisers specifically designed for safaris. They feature pop-up panoramic roofs for 360-degree viewing, charging sockets for your devices, a refrigerator for cold drinks, and a guaranteed window seat for every guest.

Are meals included in the safari package?

Yes, the safari is conducted on a Full Board basis. This includes breakfast, lunch (often a high-quality picnic lunch during game drives), and dinner at your lodges or camps. Bottled mineral water is also provided throughout the journey.

Can this itinerary be customized for families or honeymooners?

Absolutely. We offer special honeymoon benefits such as romantic room decorations and private sundowners. For families, we have a child policy with discounted rates and can adjust the pace of the safari to suit younger travelers.

What should I pack for a Tanzanian safari?

We recommend neutral-colored clothing (khaki, beige, or green), a warm jacket for early morning game drives, comfortable walking shoes, a hat, sunblock, and high-quality binoculars. A detailed packing list is provided upon booking.
