Frequently Asked Questions

When is the best time to see the Great Migration on this itinerary?

The migration is a seasonal event. Generally, the herds are in the Southern Serengeti from January to March during calving season and in the Northern Serengeti from July to October during river crossings. We customize the Serengeti camp location based on your travel dates to give you the best possible chance of seeing the herds.

What kind of vehicles are used for the game drives?

We use specially modified 4x4 Land Cruisers with pop-up roofs for 360-degree wildlife viewing. Each vehicle is equipped with high-powered binoculars, a first-aid kit, a fridge for cold drinks, and charging points for cameras and phones.

Is it possible to visit a Maasai village during the trip?

Yes, on Day 5 or Day 6, we can arrange an optional visit to an authentic Maasai Boma. This is a great opportunity to learn about their ancient culture, traditional dances, and unique way of life. A small entry fee goes directly to the community.

How much should we budget for tipping the safari guide?

Tipping is a customary way to show appreciation for excellent service in Tanzania. As a general guideline, we suggest USD 20 to USD 30 per day, per vehicle, which can be presented to the guide at the end of the safari.

What is the difference between a Luxury Camp and a Lodge?

A lodge is a permanent structure with solid walls, similar to a hotel in a wilderness setting. A luxury tented camp features large walk-in canvas tents on wooden platforms with en-suite bathrooms and real beds, allowing you to hear the sounds of the African night while still enjoying high comfort.
